Dear colleagues, candidates and routers,

In order to define the programs of the two European conferences, the organizers inform that numerous abstracts have been received.

For the 6th conference of European societies which will take place from the afternoon of August 30th to the evening of September 1st 2024 the program committee, which 60 proposals, is evaluating the abstracts and believes it can give space to all the proposals by identifying the following method:

15 plenary reports lasting 30 minutes and 45 break-out reports lasting 20 minutes each.

Considering that at the end of the evaluation of the abstracts, scheduled for December 10th 2023, it will be necessary to plan the break-outs in order to promote in-depth analysis and debate on the issues raised in the plenary, the organizing committee believes that it will not be possible before January 31st 2024 have a definitive program for which it has decided to reformulate the registration form providing a

reduced fees until January 31st 2024.
